## 3<sup>rd</sup> Year Male Head of Non-Res

Trinity has been my home for the last two years and the transition off res will be large change. The college's community has made Trin into my home in the middle of this massive zoo that surrounds us. I want everyone at Trin both on and off res to have the opportunities to become intertwined with the college and create a home away from home. I will advocate on behalf all third years to make next year the best year of university to date.

### Keys

1. Organize the most majestic **Christmas High Table** yet to date. Picture yourself sitting in the North Pole beside Mr. Claus eating your mom's greatest Christmas feast surrounded by friends. The litres of eggnog might even temporarily help you forget about the exams that are about to consume your existence.
2. Make the grossest swill<sup>1</sup> ethically allowed for **Cake Fight** to dump on the incoming first years, extending them a warm welcome to the college.
3. Help foster a community between those living on and off residence. Publicizing the transition of M. Seaman into a **community kitchen** to help make the college more of an accessible home for non-res students.
