

Phoebe Rogers  
Finance Committee International Member-at-large

I was in Rotman once. I know something about money. Canada has no pennies. Wild.

*Financially inclined Phoebe circa 2008- look at that suit jacket. Wild.*

Trinity is a pretty special place, with relatively special people. I would love to have a say in where our student fees go.

I am an active member of the Trinity community, have been to most TCMs, Lit debates, and other Trin events. I was a frosh leader, played on several intramural teams, am on the TC Beats exec, and currently sit on the executive of the UofT Global Student Network, which works to connect international students and create alumni networking events.

Moral of the story: international student fees are super fun; let's make sure they're put to good use.

Met'agona,

Phoebe

P.S. The U.S. elections broke my heart- plz don't do the same.

P.P.S. I'm really just here for a Green Card.
