

Five Promises

- I. We will leave the UTSU. This will entail holding another fee diversion referendum like we did in 2013.
- II. We will confront Kristen Moore. This will likely begin with the TCM requesting its chair write a letter to the Provost expressing our dissatisfaction.
- III. We will reinvigorate our traditions including Deports and the Midnight Run by implementing them in full. We participate in traditions because they are unusual experiences; weakening them removes their raison d'être.
- IV. We will implement a post-high table reception in Massey Common Room, paid through the Head's budget, to better integrate the liturgies on Wednesday evenings.
- V. We will designate upper year “Heads of House” to lead social life and provide support in Houses without a Head.

Jeffrey E. Schulman

for Head of College
