

## Tyler Rogerson - TCM Treasurer

Members of College,

I have a strong desire to become an active and contributing member of the amazing community here at Trin.

In addition to my strong passion for student governance, I also happen to have a deep love of fiscal responsibility. Each year, as students of Trinity College, we have autonomous control over a large sum of money which is solely dedicated to funding student-lead initiatives, clubs, and events. My goals, as your TCM Treasurer, would be to ensure that the application process for student funding is transparent and that the funds reach as many Members of College as possible.

Over the duration of my first two years at Trinity, I have attended numerous TCMs, gone to countless meetings of the TCBS and the TCFC, have started a club, and proposed several budgets. I have learned that the process of applying for event funding or starting a club can often be cumbersome, confusing, and intimidating. To reduce the amount of stress associated with TCM funds, I plan on creating a step-by-step “Trin-\$pends” guide to aid students through the process of receiving student funding. I will also endeavour to continue the work of this year’s TCM executive to make the TCM more transparent.

Nothing would give me greater pleasure than dedicating my life to responsible spending and student governance. I would be honoured to serve as your TCM Treasurer.

Met'agona

Tyler Rogerson
