

Heather Nichols - Vice-President of Internal Affairs TCAA

Hey Trin,

By far, one of my greatest memories this year was serving on the TCAA as a first-year representative. It has been rad working alongside a team of students who are committed to the Trinity athletic community and I hope to continue my involvement next year as the Vice-President of Internal Affairs.

One of the main responsibilities for the VP of internal affairs is organizing intramurals. By clearly communicating information to team captains I will ensure that everyone is aware of their captain duties and are consistently exemplifying the Trinity spirit to teammates and other players. I would also like to improve communication amongst intramural league members by making proper use of the IM-Leagues website and having announcements for intramural registration outside of just Facebook.

Having gained first hand experience with the TCAA this year I have a clear understanding of the processes and events that occur. This year I played an integral role in planning the Athletic, organized the first-year team for Conversat Bowl (which was probably irrelevant given the score), and assisted with Trin Wear. I am also familiar with logistics such as booking fields and organizing meetings.

Next year, I want to ensure that Trinity's athletics program continues to be a fun and inclusive place!

Go Sports!

Heather

P.S. shoutout to my intramural team mates, coaches and captains. Next year I promise the Trinnertubes will be taking home a t-shirt.
