

Davis Haugen- Finance Committee Member-at-Large (Res)

Members of College,

Finance committee is a crucial part of our community, making essential decisions that affect clubs, and in turn, the activities that we take part in during the year.

If selected for the FC, I will work towards upholding the values of the finance committee and working towards further fairness and transparency. From making sure discussion is accurately recorded to contributing to the creation of a club structure rubric, I hope to improve lines of communication between the student body and the FC.

One way I'd strive to improve FC's decision-making process and transparency is through avoiding hearsay during meetings and relying strictly on facts presented in budget proposals. If the FC has questions about club activities outside of their budget proposals, I would work towards finding ways of gathering this necessary further information in a more neutral way, such as having Q&A periods with club representatives. These measures hopefully could go towards helping FC to make as informed of decisions as possible.

As a Rotman Commerce student, I understand the importance of prudent budgeting and have broad knowledge in accounting and budgeting. I also served as a member of several club executives this year, and therefore understand the importance of the budget when planning and executing club activities.

Thank you for your consideration.

Met'Agona Stephanos,
Davis Haugen
