

Emma Norman – TCES Treasurer

Members of College,

The health of the environment is critical to us a species, and these days it needs our help. People like you and me need to lend a helping hand to an earth that is facing rapid climate change and global warming. That is why I am running for Treasurer of the Trinity College Environmental Society.

This year, I was honored to serve as an External Clubs Liaison for the TCES. In this position, I helped put together events such as the Earth Hour Coffeehouse, a screening of the documentary *Haida Gwaii: On The Edge*, and more. I also helped to coordinate the green cups that you have probably rolled your eyes at at different events around the college. Hey- I did it for Gaia, okay!

As TCES Treasurer, I will make sure that your student fees go towards events that all members of college can take part in and enjoy. Let me help you help Mother Nature.

If you have any questions or comments about the TCES or my goals as treasurer, please contact me at emma.norman@mail.utoronto.ca.

Met'agona,

Emma
