

Fakeha Jamil—TCM Secretary Candidate

Members of College,

For those of you who do not know me very well let me introduce myself. I am currently a second-year student studying Global Health and Political Science. Yes, I am that one shy girl who can often be found ferociously writing papers on Human Rights and Celiac Disease simultaneously.

These past two years at Trinity College have been such an amazing experience for me and I am proud to call this place home. I have become involved through several roles at Trinity College and the greater UofT community including Orientation Week Leader (2016), Staff Writer for Juxtaposition Global Health Magazine, TWIL and as a teacher with PeacebyPEACE. This past year I have also held the position as the Treasurer of the Trinity College Dramatic Society, and sat on the Finance Committee—as a result, I have learned so much about Trinity College and its governance.

As TCM secretary some of my responsibilities will include taking minutes, organizing documents, and creating agendas for meetings. I believe my exceptional organizational skills, attention to detail, and understanding of the constitution will be beneficial for this role.

The unique structure of the TCM, is what inspires me to take part in and contribute to this unique experience. If elected, I guarantee that I will be responsible, approachable, and dedicated to my position over the upcoming year!

Thank you,

Fakeha Jamil
