

TCM Deputy Chair – Yi (Jerry) Shi

Members of College,

As the Treasurer of the Trinity College Chinese Students Association (TCCSA) and TCM Tech Curator this year, I have worked for the inclusion of everyone within the college, over various issues that include ensuring that access to the TCM tech equipment is available to all the student groups who request it, and informing the Chinese community within the College about issues concerning student governance. My role as a member-at-large on the Student Capital Campaigns Committee has enabled me to serve by helping implement projects that will have a lasting effect on the College. In addition to this, I have attended almost all of the TCM's this year and have attended several Finance Committee and Trinity Board of Stewards (TCBS) meetings.

Throughout the year, I have contributed to the many social events at Trinity through the set-up and take-down of tech equipment at events including Bubbly, Saints, the Athletic, NRAC Halloween, and many other smaller events.

These experiences have shaped my belief that greater inclusion and engagement must be brought to the TCM. Measures that should be considered include finding a more inclusive time for TCM meetings and helping first years connect better with the language and format of the TCM. If elected, I will help implement these measures and other goals and plans that improve the TCM. If anyone has questions regarding my candidacy, goals, or myself, feel free to contact me either through Facebook or email (jerryyi.shi@mail.utoronto.ca).

Met'agona,

Jerry
