

# Jason Wui Leung Chan

## TCM Secretary Candidate

Members of the College,

Trinity College is our home and we should make this place comfortable for us. My name is Jason Wui Leung Chan and I am running to be your Secretary of the Trinity College Meeting (TCM).

**Democracy is about participation:** I aim to uphold its value by making TCM to be more accessible for every member of this college while to ensure complete transparency in student governance if I am to be elected as your Secretary.

**Accessibility for every member of the college:** I would like to endorse our new TCM Chair Leila Martin since she and I both desire to make the TCM more accessible to everybody. I plan to host 3 office hours at 3 different locations per week: Strachan Hall, the Buttery, and the Student Governance Office. One-on-one appointment with addition accommodations can be made via Facebook or email communication ([jasonwl.chan@mail.utoronto.ca](mailto:jasonwl.chan@mail.utoronto.ca)) for everybody.

**Complete Transparency:** As a former production assistant for a TV commercial company, I worked with professional camera and sound equipment. With my experience, I plan to livestream every trinity college meeting for students that cannot attend in person. The video and voice recordings will be made available online within 2 to 3 business days after I encode subtitles to the video and edit the recordings for quality adjustments.

**Food:** Each TCM refreshment and NRAC non-resident dinner option would be decided via online voting in advance within the reasonable budget.

Yours,

Jason Wui Leung Chan
