

Weston Miller for Senate Representative

Fellow Members of College,

It would be an outstanding honor to be your elected representative to the Trinity College Senate. For those who don't know, the senate is responsible for deliberating and approving some of the most important changes to our beloved college. I will be your voice on the Senate. I want you to use me as a way of communicating your ideas and concerns to the fellow members of the Senate, which include members of the alumni community, and the Provost. It won't be my voice being heard by the Senate, it will be yours. I will use my experience of interacting with alumni and the administration to ensure that the decisions being made are the decisions that are best for Trinity. I would be humbled to receive your vote, and proud to serve you to the absolute best of my ability in the coming school year.

Met'agona,

Weston.
