

**Ernest Leung**  
**Junior Representative to the Community Affairs Committee**

Members of College,

The role of the Community Affairs Committee is to advise the Senate on matters that relate to the well-being of Trinity students, and among other things, advise on how to improve things such as internal communication vehicles and residence affairs. I believe that I can effectively carry out this role.

Having served as the First Year Rep for the 134th Conversazione, I have know what it's like to plan a large event I know what challenges arise from it on the part of both students and the administration. As well, having been avidly attending all social functions and TCM's here at Trinity since the beginning of the year, I feel that I am starting to get a good grasp on issues of importance.

If elected, I plan on working with students and gathering their voices to improve and report on issues of accessibility and equity, as well as increasing and improving upon non-resident facilities and the improvement of communication outlets at the College.

I plan on representing the student body to this committee, and, by extension, the overarching Senate to help improve and make student life, events, and policies more enjoyable.

Thanks for your consideration and if you have any question, please do not hesitate to contact me!

Met'agona,  
Ernest Leung
