

JENNY QIAN

Third Year Female Head of Res

Dear Members of College,

From vaguely outlined papers, to cramming for extraneously detailed multiple choice exams, university life is hectic. Through it all, the Trinity College community has been a warm and welcoming environment for me to come home to and it would be an honor to be a part of the process that strives to bring a sense of home, belonging, and excitement to our student body.

My initiation to the college began in first year with Stephanos photography and being appointed as the Junior Design Editor on the Salterae. In serving as an orientation leader for From Sea to Trinity and documenting the memories of fellow Members of College as a photographer for our favourite events (like Bubbly, Saints, and Conversat Ball), I've developed a deep sense of pride and joy in both the community and our college.

If elected as your Third Year Female Head of Res, my focus will be to create more inclusive and accessible environments so that everyone can feel as if Trinity is a second home. The key to this, I believe, is to tackle the barriers to participation that exist. For example, I hope to work with the fellow heads team to develop a more efficient signup system for Christmas High Table as well as maximize attendance through new avenues of event promotion.
