

Alexander McKeever – *Your* Male Head of College

Ahoy-hoy Trinity College,

Do I bring a lot to the table running for this position? That's something of a subjective question. What do you want in a head? I prefer the typical cranial contents <\pun>. But if you value freedom and democracy, liberty, equality, and fraternity, this is what I shall provide. The common person is my concern, not politics. Revolution is my ideal, not stagnation.

From democratically overthrowing the Government of the TCLI to overthrowing the decisions of both the TCBS and the TCFC, I have demonstrated my commitment to principles, and a talent for insurrection. I aim to return autonomy to the people. I aim to make every Trin party *not* sad. And I aim to resist the oppressive forces that threaten these goals.

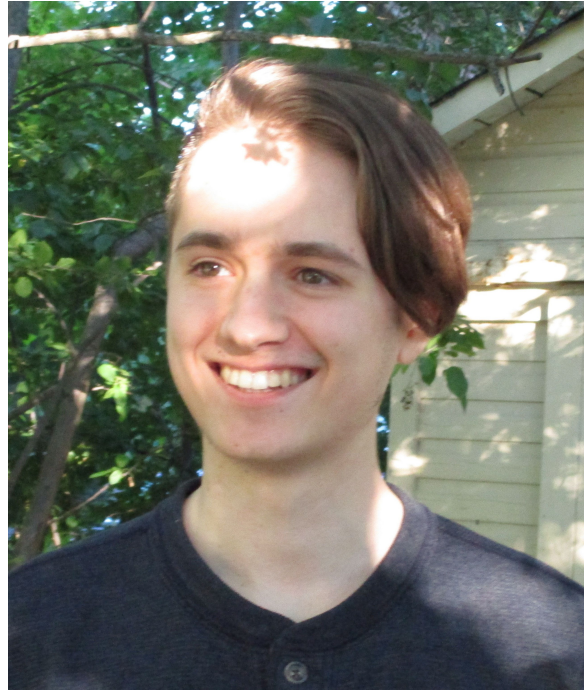

The regulators will be neutralized. The oppressors will be marginalized. The markets and congress of Members of College shall be free and unrestrained. I love this college and I love you (yes, you), as much as I love freedom.

As Head of College, I can promise you a heady college. I can also go back on that promise, but I can also promise I will not. I can also promise that my promises are not deceptive bourgeois flim-flam. Believe what you want. But consider being a believer. Be a Believer in McKeever.

None stop the McKeever.

Met Agona,

Alex McKeever

P.S. Michelle, why haven't you answered any of my messages? I thought we had a connection. I thought we had something real. I didn't think you were the kind of person to ignore my calls. But I guess you don't really know somebody.
