

RUTH MAGEE

Second Year Female Head of Residence

Members of College,

My name is Ruth Magee and I am running for second year head. I have been very involved at Trinity in my first year, and hope to increase my community and governance involvement. I consider myself an active member of college and have greatly enjoyed getting to know many of you over the last year.

High table dinners are one of Trinity's greatest traditions, with great potential to bring members of college together. As many of us know, high table attendance is low, especially considering the costs associated with running it. To combat this, I plan on [integrating some of our typical high table dinners with talks from guest speakers](#) (like the Trinity One Co-Curricular lunches). I believe that bringing engaging speakers to talk about a variety of topics has the potential to [bring more people out to high table](#) and facilitate valuable conversation between members of college. I would also like to

explore ways in which we can improve the quality of food at high table dinners.

I would also be responsible for representing the second year population at the Finance Committee. In this position I want to ensure I am representing my year's opinion, not just mine. I hope to go above and beyond in this position and really listen to what 2T0's want from their experience at Trinity. I can be contacted for further discussion about these points and anything further at ruth.magee@mail.utoronto.ca.

Met'agona,

Ruth Magee
