

## Hey Trin!

My name's **Lara** and I'm running for secretary of the TCES!

It's been an honour and pleasure serving as one of your TCES first year reps. The role has allowed me to meet like-minded individuals, further my passion for environmentalism, and even overcome my irrational fear of making phone calls. (Believe it or not, it's true. Ask me if you're curious).

Environmental conservation is an issue I deeply care about. I'm the kind of person who goes around turning off all lights, and who keeps old food in their room until they remember to compost it in Strachan. Obsessive? Possibly. But it's also committed.

If elected, I promise to channel this passion and commitment into my role. I promise to always give it 110%. And of course, I promise I won't force you to keep old food in your room until you can compost it - but it would be pretty cool if you did :)

Let me end things off with this (cringeworthy) poem:

**Roses are red  
Violets are blue  
I love the Earth  
And you should too**

It's horrendous, I know. But I need you all to remember me somehow.

If you have any questions, please don't hesitate to contact me! Shoot me a message, email me ([lara.werbowski@mail.utoronto.ca](mailto:lara.werbowski@mail.utoronto.ca)) or just say hello whenever!

Best of luck to all the candidates and thank you for your time/consideration!

Met'agona,  
**Lara Werbowski**

### Experience

- TCES First Year Rep !!
- EEB Research
  - Analyzing oceanic pollutants and their impact on aquatic ecosystems
- Co-president of high school environmental club
