

## Kendra Dempsey - 4th Year Female Head of Residence

Hey there, 1T8!

Friends, I hate to break it to you, but we're old. Like, I honestly didn't think my liver would ever make it to this age, yet, here we are.

Let's get real - the only important part of 4th year is 4th year bar. This is all we care about in our old age. If elected, I promise to deliver the most kick-ass 4th year bar you could ever imagine, with all of the alcohol your little hearts could desire - and a cake. Don't forget cake.

On a more serious note, having previously sat on both TCBS and Finance Committee in the past, I'm prepared to (potentially!) sit on TCBS again. I also want to encourage more bonding activities for 1T8, like pub nights or other ventures. After all, we might as well take advantage of being in the same city while we still can - who knows where we'll all end up next year?!

Sorry if this is making you feel old or if it's causing you to have an existential crisis. Anyways, vote for me and 4th year bar will be lit. Let me love you!

Met'agona,  
Kendra Dempsey

PS - here's a picture of some puppies for you to enjoy!
