

KATIE FETTES

Co-President of Trinity College Athletics

HEY! I'M OPEN!

It's been a pleasure working with the athletics association during my three years at Trinity. We are the home of a thriving athletics community and strong intramural cohort - this year, Trinity had the highest number of women participating of any faculty in the league! Starting up the Trinity wogging (walk/jogging for those unfamiliar with this high-intensity sport) group, seeing through the amalgamation of the men's and women's organizations into TCA, bringing you three Athletic events - including the latest innovation of chicken nuggets, connecting participants to the inaugural women's league, and trying to stay in my inner tube during water polo, are some of my athletics-related endeavours at this college. I am committed to strengthening the vibrant athletics community at Trinity.

GOALS

- 01** **Improve awareness** of and recruitment for intramural teams at the beginning of the year, and support teams throughout the year
- 02** **Collaborate** with Trinity clubs, the heads team, and the frosh team to run events during frosh week and promote athletics
- 03** Work with the **intramural office**, which offers many opportunities, and ensure Trinity has a strong voice on the Intramural Sports Council
- 04** **Make Trinwear more accessible** by allowing input on items, sourcing more affordable products, and advertising the more widely
- 05** Better **social media engagement**, including creating an Instagram, and advertising intramural games to get more students out to support our teams
- 06** Better **storage space** for sports equipment, such that it is available for student use, and to keep track of team equipment to save on the costs of replacement
- 07** Promote **healthy active living** by leading groups to Hart House classes and working with the health and wellness office
