

# Finance Committee Member-At-Large – Usman Malik

Members of College,

My name is Usman Malik and I am running to be a member-at-large at the Finance Committee for the 2017-2018 year.

I have been proud to call Trinity College my community these past two years. Despite enduring 60 minute commutes I have made an effort to attend events such as High table dinners and The Lit as well participate in TCMs and the TCDS.

As a member of the Finance Committee, I plan to make finances more transparent and provide accountability to the Trinity community, especially in an environment that has only bred a lack of trust between the finance committee and the rest of the college. In addition, I hope to advocate for more marginalized groups at Trinity such as commuters who despite forming the majority population at Trinity, do not see a proportional benefit from their student fees. As a result of my disposition I have come across many who feel alienated. For that reason, I hope to engineer initiatives that strive for integration and accessibility to Trinity College, as well as supporting clubs that do likewise.

Finally, as a regular attendee of the TCM as well as someone who is well-read on Trinity College documentation, I bring knowledge and punctuality and am thus qualified for the position at hand.

I hope you will place faith in me to represent you at the Finance Committee.

Met'agona,

Usman Malik
