

Lukas Weese Male Head of Arts

What's up Trinity College?,

From pumping up Members of Trinity College at parties to working on various executives (e.g. Nightmare Before Saints, Grand Trinity Hotel) and sitting on governance bodies (e.g. Trinity College Board of Stewards) I have poured my PASSION and SOUL into Trinity College life, determined to make every single Member at Trinity feel inclusive and jazzed about life. My dedication, enthusiasm and positivity for making Trinity a better place is why I am running for Head of Arts.

As Head of Arts, I will commit to making Welch a **safe space for everyone**, ensuring the Common Room has the tools to make it accessible for all students, from residents/non residents, drinkers/non drinkers and local/international students. I hope to work with Trinity Advocacy Groups, such as TCMHI and TASAH, to raise awareness about key issues pertaining to Members of College on a regular basis. Using my experience as Co-President of the TCMHI will allow me to **engage the Trinity Community** to continue the dialogue about reducing stigma for mental health, from organizing fundraisers that benefit mental health organizations to hosting stressbusters in Welch. Finally, get ready for LOTS of events that will increase **the energy and optimism of Trinity College**. From Mansion Party and Disco Night in Welch to continuing the AMAZING work done by this year's Heads to build relationships between students and alumni, I aim to sustain a **keenness for enhanced community engagement**.

Trinity, we are entering a HUUUGGEEE era for Student Governance. Let's build a community that serves ALL students, both for the present and future. Let's create an OPTIMISTIC, POSITIVE environment where we REWARD, ACCEPT and LOVE each other. It's time to bring out the SALAMI & CHEESE and get this Heads Campaign started.

Feel free to Facebook message me or email me at l.weese@mail.utoronto.ca if you have any questions.

Met'Agona, Lukas Weese (1T8)
